Performance and Film

The Swiss dance group MOVING MOUNTAINS will present their newly developed performance IN VIADI / A JOURNEY live in the sculpture OGNA and will screen their dance film on the

occasion. The company shot parts of their movie at the walk-in sculpture in May 2024. This footage, combined with scenes from the Tectonic Arena Sardona – also in Grison – have been incorporated into the film. Thus, the result of an intensive dance and film exploration at Matias Spescha's sculpture will be performed at the location of its creation.

Moving Mountains

was founded in 2018 by Helena Amor and the Grison choreographer Ellen Wolf and was expanded in 2023 to include the four additional dancers/artists Harumi Mumenthaler, Elina Kim, Sophie Chioma, and Alessandra Hitz. The group benefits from their diverse backgrounds, dance styles, and skill sets. With their versatility in scenography, dance, film, choreography, styling, music production and rap, the company creates touching performances and films at a high artistic level.

Venue

Begehbare Skulptur OGNA, Via Ognà, 7166 Trun

Organizer

Fundaziun OGNA – Collecziun d'art Matias Spescha
