Guided Tour: Exhibition Insights

Sunday, 26 October 2025, 14:15 – 15:15

Program

The tour offers insights into this year's third exhibition NOT VITAL / MATIAS SPESCHA, in which Not Vital juxtaposes the archaic formal language of Matias Spescha's expansive abstract paintings and sculptures with a series of recent works that also draw on primitive forms.

Project director Esther Spycher will guide you through the exhibition and shed light on the background of selected works.
